

# International Journal of Future Computer and Communication

## CONTENTS

---

---

### Volume 3, Number 3, June 2014

FPGA Implementation of High Performance and Low Power VOD Server.....	148
<i>Qiang Cao, Jiang Jiang, Chang Wang, and Yongxin Zhu</i>	
Architectural Comparison and Implementation of Cloud Tools and Technologies.....	153
<i>N. Nagar and U. Suman</i>	
The Snippet Platform Architecture – Dynamic and Interactive Compound Documents.....	161
<i>Laurent Kirsch, Jean Botev, and Steffen Rothkugel</i>	
Applying Data Mining to Develop a Warning System of Procurement in Construction.....	168
<i>Chun-Ling Ho and Hao-Wen Shih</i>	
A Review of Flood Warning Systems in Developed and Developing Countries.....	172
<i>Saysoth Keoduangsine, Robert Goodwin, and Paul Gardner-Stephen</i>	
Application-Based Ontology Engineering.....	177
<i>Noryusliza Abdullah and Rosziati Ibrahim</i>	
A Study of an SMS-Based Flood Warning System for Flood Risk Areas in Laos.....	182
<i>Saysoth Keoduangsine, Robert Goodwin, and Paul Gardner-Stephen</i>	
Secure Socket Layer Visualization Tool with Packet Capturing Function.....	187
<i>Jin Shinozaki and Masayuki Arai</i>	
Understanding a Proposed Model of Customer Loyalty Formation in B2C e-Commerce.....	191
<i>Saowakhon Homsud and Singha Chaveesuk</i>	
An Intuitive Multi-Touch Surface and Gesture Based Interaction for Video Surveillance Systems.....	197
<i>Ankith Konda, Vikas Reddy, and Prasad K. D. V. Yarlagadda</i>	
A Computerized Model for Lean Performance Measurement.....	202
<i>Wai Peng Wong</i>	
A Network-Adaptive SVC Streaming Strategy with SVM-Based Bandwidth Prediction.....	205
<i>Xu Yanling, Wu Baolin, and Yang Liushan</i>	
Resolution of Challenges That Are Facing Organizations before ITIL Implementation.....	210
<i>Mohamed B. Al Mourad and Rozita Johari</i>	
Speech Enhancement Techniques: Quality vs. Intelligibility.....	216
<i>Milind U. Nemade and Satish K. Shah</i>
